Keep In Mind

THAT THIS IS THE TIME OF YEAR that you should hatch out chickens if you want a lot of eggs and broilers this year.

DID YOU SEE THE

Cyphers Incubators

WORKING AT THE POULTRY SHOW!

We filled a 120-egg incubator and when the eggs had been tested out there were 103 eggs left that showed signs of fertility.

The day the show opened the eggs were taken out of the incubator and were carried with the machine a couple of miles in a wagon and placed in the show. The next day the chicks started to hatch and we got 93 fine, hearty chicks out of the 103 eggs. These are now being raised on.

Cyphers Chick Food

AND YOU SHOULD SEE THEM!

CYPHERS INCUBATORS are so easy to run, and hatch strong chicks which are so easy to raise, if you will feed them properly, keep them warm at night and keep them clean. Try your luck with a CYPHERS and you will soon be eating young roosters so often that you will be inclined to grow over your neighbors.

INFANTRY MAY NOT MARCH IN PARADE

LINE WILL MOVE TOO FAST FOR FOOT TROOPS

Fine Showing of Soldierly Is Promised and Cavalry Will Take a Prominent Part—Owners Offer Committee Their Cars for Parade

SPORTS—J. SEC—Infantry May not march in the parade, but that he is not sure whether or not there will be any infantry at all. The reason for this doubt is that the line of march is likely to be too long and too fast for men on foot to make without undue exertion. At all events the colonel promises that his part of the affair will be creditable.

Chairman J. M. Dowsett of the automobile committee is greatly encouraged by the ready response which he has met with from auto owners thus far. There are many more machines in the city this year than there were last, and Mr. Dowsett believes that the decorated machines will make a much finer showing than ever before. A very commendable spirit has been shown by a number of owners who for various reasons will be unable to enter their cars, in offering their use to the committee for the day.

Senator Dowsett has also seen a number of officers of local social and fraternal orders and expects to have a large representation of such societies by appropriately decorated floats or automobiles. The Chamber of Commerce, the Merchants' Association, boat clubs, golf, basketball, and other athletic organizations, will be urged to take part, and since the expense would be very light for individual members, there seems to be no good reason why a splendid showing should not be made by these bodies.

FIGHT-BIDDING FEVER STRIKES MINING CAMPS

RENO, Nev., Jan. 7.—According to a dispatch from Mazama, a mining camp in the central part of the State, the athletic club of that place met last night and decided to offer a purse of \$100,000 for a fight between Jeffries and Johnson, the fight to take place within the next six months at that place, preferably on the Fourth of July. "Bill" Morrison, formerly prominent in British Columbia sports, and Joe Nichols, who has pulled off a number of fights in Tonopah, along with a dozen others, are mentioned as being behind the project. Local sports are not inclined to take the offer seriously.

New Referee Is Secured By Cohen

Paddy Ryan will referee the Reilly-Smith go. It was announced yesterday that the Honorable Joel Cohen has secured the services of the veteran ring enthusiast and the arrangement has met with the hearty approval of all concerned.

Ryan knows the boxing game all the way through, and has a reputation for absolute fearlessness. It is therefore believed that some of the "kicking" about decisions will cease now. It has generally been admitted that much of the fault-finding was done by chronic grumblers, and Joe is going to put a stop to it if there can be found any way to accomplish that end.

READVILLE TRACK DOOMED

Boston, Mass., Jan. 7.—A resolution to sell the racetrack at Readville was passed by the New England Horsebreeders' Association today. Less than \$40,000 of the \$100,000 bond issue needed to prevent a sale had been subscribed for.

SETTLED

CLUB WILL ACCEPT THE YACHT HAWAII

BIRD-LIKE RACER TAKEN OVER BY HOMERS

Matter Is Settled at Annual Members' Meeting—Changes Will Be Made in By-Laws to Make Acceptance of New Members Possible

The schooner-yacht Hawaii will pass into the possession of the Hawaii Yacht Club. Those who subscribed toward the construction of the craft some time ago signified their willingness to turn the yacht over to the club, and last night the club voted to accept.

With the Hawaii, the Yacht Club takes over the indebtedness of \$3000 still resting upon the craft, as well as the expenses that have been incurred by the committee in caring for the yacht since the Trans-Pacific Race.

Many of the subscribers toward the Hawaii voted to accept stock in the Hawaii Yacht Club in lieu of all claims against the schooner. In this way the club secured thirty-five new members, who will be admitted to full membership just as soon as the necessary changes can be made in the by-laws and charter.

In the annual election of officers held last night the slate went through much as announced in the Bulletin some weeks ago.

There were some few variations from the original program, but all in connection with the minor officers of the club. The following are the officers chosen:

C. T. Wilder, commodore; James Jaeger, vice commodore; A. W. Neely, secretary and treasurer; H. D. Brown, port captain; O. L. Sorenson, measurer; Robt. L. Scott, R. B. Klettow, T. V. King, E. L. Kruss, and F. L. Miller, directors. Chas. Crane, Geo. C. Beckley, and J. N. Densham, regatta committee.

It is not improbable that several important changes may be made in the by-laws of the club. The matter is now in the hands of a committee, and must remain more or less in the dark until a report is received from that committee.

There are, under the existing by-laws, two classes of memberships in the club. The one class carries with it stock in the club's property and a right to vote. The other class entitles a man to the enjoyment of the club's privileges but nothing else. It is probable that the latter class may be abolished.

Cs Young, veteran pitcher of Boston, may be traded to St. Louis

GOOD TOURNAMENT AT COUNTRY CLUB

FOURSOME SCHEDULE FOR SUNDAY MORNING NEXT

Competitors Will Try For Special Trophy Offered for First Score of Three at Halstead Hole—Fine Prizes Offered Players

Sunday next will see a lively tournament on the links of the Oahu Country Club. The play will be foursome and competition will be spirited. Four prizes in all will probably be awarded for the best scores.

One of the most interesting features of the competition will doubtless be the effort of the players to make Halstead hole (the new seventh) in three strokes. There is a handsome silver trophy awaiting the first member who shall succeed in the endeavor, but as yet no successful claimant has come forward.

Now that Professional McLaren has demonstrated that the trick can be turned, renewed interest in the prize has sprung up. Halstead green has proven very popular of late, and there is little doubt but that some one will come pretty near the winning score Sunday.

The auto bus will run from the Nuanu car line to the club house Sunday as usual, and the customary table d'hôte luncheon will be served at noon.

SPOUTS BY THE SPORTING EDITOR

There will be enough excitement to satisfy most any one from now until Monday. Tomorrow Mike Fisher and his bunch of diamond heroes are due here on the Mongolia. A reception will doubtless be tendered the aggregation and the men will be kept on the go all tomorrow afternoon and evening.

On Saturday afternoon comes the first game between the All-Americans and the All-Hawaiians at the league grounds. That should call out every healthy sports-loving American who is not absolutely tied down elsewhere.

On Saturday night we get the Smith-Reilly mill at the Orpheum. That is sure to attract the fans, particularly as there will be two preliminaries such as might well be offered as main events.

Sunday afternoon there is another baseball game at the league park. Sunday morning there is the foursome tournament on the links of the Oahu Country Club.

If folk will only consider their presence at each and all of the baseball games at the league park during the coming week in the light of a duty which they, as patriotic citizens, owe to their national game, there will be no difficulty in making up that guarantee which the league magnates have given the All-Americans.

The ball players have given up practically every spare minute of time during the past month. They have received almost no support from the fans. At the practice games, the soldiers and marines have turned out and done good service "rooting," but the very people most interested have done absolutely nothing, in fact they have left the players severely alone.

A good crowd at the park this afternoon would encourage the men a whole lot. How many will be out?

AMUSEMENTS.

Fernandez Will Have Souvenir Program

Captain Fernandez of the All-American team is arranging for the publication of a souvenir program and score card similar to that used by the All-Americans on their Oriental tour. The cover will be much the same, and the general make-up will not be very different. The great difference will be that, instead of simply having pictures and descriptive matters relating to the players of Mike Fisher's aggregation, the All-Hawaiians will also be represented.

The idea is to have a souvenir which those who attend the games can keep, and it is believed that there will be just as many people who will want something to remember the Hawaii players by, as there will be those who want souvenirs of Mike Fisher's bunch.

Practice Again At Park Today

The All-Hawaiians will be out on the league grounds this afternoon at the earliest possible minute and, rain or shine, practice will be kept up until darkness makes it impossible to chase the elusive sphere. On Saturday afternoon the big game will be played and the players are going to take advantage of every minute between now and then.

The All-Americans will probably find that they have to hustle more than they expect when they get here. They have been on the water for several days, and thus cut off from serious practice, while the local men have been hard at it. Incidentally Captain Fernandez has managed to get together a bunch worthy of wearing the All-Hawaiian uniform.
